

June 2025

CancerLINC (Legal Information Network for Cancer) is a Richmond non-profit that 'LINC's cancer patients and their families to legal, financial, and community resources to solve the non-medical obstacles that arise with a cancer diagnosis.

No one should have to face cancer alone.

You Can Be the LINC for a Cancer Patient

"You have Stage III cancer, aggressively moving toward Stage IV."

These were the words Cheryl B. never expected to hear. In an instant, her life was turned upside down — not just by the diagnosis, but by the devastating financial, legal, and emotional challenges that came with it.

When a patient faces cancer, daily life matters suddenly loom much larger. Medical bills skyrocket. Income dwindles. Basic necessities — housing, electricity, water, groceries, transportation — become overwhelming to manage.

That's when Cheryl found CancerLINC.

CancerLINC helped Cheryl navigate her diagnosis with dignity — connecting her with pro bono attorneys, financial advising, and community resources. Today, Cheryl is cancer free and looking forward to the future. But there are many other patients who need your support.

You can be the LINC.

With your gift — whether weekly, monthly, or a one-time donation — you'll help CancerLINC provide life-changing support to cancer patients when they need it most. All donations support cancer patients in the Greater Richmond region.

Give someone like Cheryl a chance to heal with hope.

Patient Profile: "Stacey The Warrior"

After battling breast cancer and later receiving a Stage IV diagnosis, Stacey H. turned to CancerLINC when she faced loss of employment benefits and mounting medical needs.

Through the help of CancerLINC's pro bono attorneys, Stacey fought for her health coverage, secured legal protections, and found a new insurance plan to continue her treatment. Her strength and gratitude shine through every step of her journey.

News That Impacts Cancer Patients

From the Cancer Action Coalition of Virginia (CACV): Federal Budget Proposal Could Impact Cancer Programs in Virginia.

A proposed federal budget is under review that could eliminate funding for several CDC cancer prevention and screening programs that currently support Virginia, including:

- Comprehensive Cancer Control Program
- Every Woman's Life (breast and cervical cancer screenings)
- Virginia Cancer Registry

To learn more about the proposed changes and their potential impact, visit the link below.
