

Why Donate to CancerLINC

Your gift ensures that no one in our community has to face cancer alone. By donating to CancerLINC, you are making it possible for patients and families to receive life-changing services at no cost. Every contribution empowers us to expand our reach, strengthen our volunteer network, and provide sustainable resources for the growing number of families impacted by cancer. Together, we can ease burdens, restore dignity, and bring hope to our neighbors facing cancer.

Donating to CancerLINC through your DAF provides real help for local cancer patients.

Now's the time to consider a Donor-Advised Fund. With a changing tax landscape, a DAF may help you maximize the impact of your philanthropy. Talk to your financial advisor or visit a sponsoring organization such as Fidelity Charitable, Schwab Charitable, Vanguard Charitable, or your local community foundation to learn more about the power of giving through a DAF.

No one should have to face cancer alone...

One way to make a lasting impact is through a Donor-Advised Fund (DAF). A **Donor Advised Fund (DAF)** is a charitable investment account at a 501(c)(3) sponsor that holds donations from individuals. These are created to support the causes you care about.

You can contribute cash, stocks, and other assets and you will receive an immediate tax deduction in the year you have given. Different from a regular donation, DAF funds cannot be used for event tickets or sponsorships. However, as a means of meeting your philanthropy goals, a DAF has significant advantages for a donor. Any contribution to a DAF will grow tax-free over time - allowing you to sustain your impact on cancer patients in the greater Richmond area over time.
